Subject:
Task Order No. 7

STAT

Reference: Contractor's letter P-259 dated 9 July 1962

Gentlemen:

Enclosed are the original and one copy of the subject task order which have been executed by an authorized representative of the Contractor. The acceptance of this task order by the Contractor is conditional upon and subject to the incorporation therein by the Government of a certain revision hereinafter stated.

The revision is as follows:

A. Deliverable Item 2: It is requested that the requirement for delivery of final drawings of the Device be deleted from this Item. The Contractor's proposal and cost estimates for this program, forwarded under the referenced letter, did not provide for final drawings as a deliverable item. Engineering sketches and illustrations utilized for the fabrication of the Device will be included in the Operator's Manual and Final Report.

STAT

Confirming a recent telephone conversation with of your office, the Contractor reported that the Device under Contract Item No. 1 and the Operator's Manual under Contract Item No. 3 are complete and ready for shipment. The Device produced under this task order is an accessory to be used with the Multiple Image Correlator, Mark I, which was developed as an engineering feasibility model under Task Order No. 2 of this contract. This feasibility model Multiple Image Correlator has been furnished to the Contractor as Government Furnished Equipment for a current evaluation program being performed under authority of Task Order No. 5 of this contract. Task Order No. 5 presently provides for completion of the evaluation program on or before 21 July 1963. Confirming agreements among your technical monitor, of your Contracts office and the undersigned, the Contractor will retain the Input

Inspection, Selection and Preparation Device and the Operator's Manual for utilization at the Contractor's facility in support of performance under Task Order No. 5 and deliver the Device and Manual with the feasibility model Multiple Image Correlator on or before 21 July 1963. The Final Report under Item No. 2 of Task Order No. 7 will be delivered no later than 24 May 1963.

It is requested the revision referred to hereinabove be incorporated into this contractual agreement and an appropriate amendment be forwarded for the Contractor's file.

Very truly yours,

Assistant to the President
